About

Orchid Plumbing

Founded in 2010, Orchid Plumbing Company offers extensive experience in all aspect of commercial, industrial and residential plumbing, construction and roofing. Providing a diverse range of service, developed as a result of client demand for innovative and cost-effective solutions, we seek to develop long term relationships with our clients and focus on delivering a professional approach with attention to detail. Since our inception we have earned a reputation that ensures our clients expectation are not only met, but exceeded.

Loyalty

Orchid Plumbing Company is the last plumber you'll ever have to call. Whether your plumbing needs are simple or complicated, from leaking taps or burst geysers and beyond, we will attend to them efficiently.

We quote promptly, deliver neatly and on time, and always keep you in the loop. Our plumbers have over 10 years experience and all our work is full standards compliant.

Statements

Vision

To be a leading independent plumbing company that maintains a high service standard through relationship, expertise and experience.

Mission

Contributing to transformation, service delivery and sustainable growth through our commitment to provide a quality plumbing service in an environment where our clients come first.

Core Values

We will deal with our customers and their employees honestly and fairly, at all times.

We will treat any information obtained in the course of a project or repair as confidential.

We will not ever knowingly place ourselves in a position where our interests conflict with those of a client.

We will not entertain business relationships which require us to put aside our ethics statement.

We will inform our clients of any business connections, affiliations or interests of which the client would have a reasonable expectation to be made aware.

Our Services

**Highest quality plumbing
and general**

MAINTENANCE

We provide a maintenance division for on-going clients including strata and real estate agencies and insurance companies. Our skilled maintenance contractors are true professionals dedicated to keeping our clients and their homes or businesses operating effectively, efficiently and continuously.

INDUSTRIAL

We have undertaken several contracts on new industrial developments for storage facilities and continue to do ongoing maintenance work for a number of industrial premises.

COMMERCIAL

We have been involved in many commercial contracts including the fit out and renovations of British Council, Nigerian High-Commission, Canadian High-Commission, Kilimani Junior Academy, Qatar Embassy and commercial offices in Nairobi CBD

RESIDENTIAL

We work in high end projects throughout Nairobi and other counties that require a superior level of finish and attention to detail, this is what we pride ourselves on. We have formed long term relationships with most of our clients ensuring their expectations are exceeded each time.
